## **From the President**

Fellow MS Corvette Club Members and Corvette Enthusiasts,

February is half gone as we continue kicking off a new Corvette year. Now is the time to check the air in the tires, unplug the battery tenders and give them a test drive. The weather is up and down with predictability but as soon as it will cooperate we can start our cruising season. Daylight savings time occurs on 12 March. Hopefully we can have a drive in early March with weather permitting. We have a couple of choices now of two good places to eat and will be going to the Camp Shelby Military Museum a month or so after the MS Corvette Classic. For those who have been before it has been totally remodeled and is twice as big as it was before and is a great treat if you have

not seen or been to it before. It is a real credit to this state and those who have served.

We have added a new section on the MSCC Web Site showing dates of location of club events and car shows of those folks who attend our show. Right now only the car show events are listed but as we identify club cruises we will add them to the list. If you can try and make some of the out of town car shows as they are the ones to come to ours.

Susan Tutor-Smith has really outdone herself this year in picking our meeting locations. If you will look at the lineup on the web site you will see what I am talking about.

We are currently working on some cruises so if the weather permits we can hit the road.

As always we continue to make plans for cruises and events all the time. If you have any ideas for a good cruise please share the information with us.

Just a reminder we are currently collecting club dues for 2017 that were due NLT 31 January. Our plan is to finalize the MSCC Membership at the end of this month at which time all that have not paid will drop off of the membership listing. You can pay by either a check to our PO Box or pay online on our web site.

Save the Wave and drive carefully.
